Throughout this year, time has affected every one of us. Sometimes it has seemed to pass by too slowly, but more often it has slipped away from us much too quickly.

There is not a single moment in life we can afford to lose.

It was the best of times, it was the worst of times; it was the age of wisdom, it was the age of foolishness; it was the epoch of belief, it was the season of light, it was the season of darkness; it was the spring of hope, it was the winter of despair. We had nothing before us, we had everything before us.

The high school we dreamed of for so long in grade school has taken shape, a part of us that is never to be forgotten. The unity and closeness achieved at Saint Vincent's will remain in our memories forever.

Seniors

On the road of experience and trying to find my own way, sometimes I wish that I could fly away. When I think that I'm moving, suddenly things stand still. I'm afraid 'cause I think they always will. And I'm looking for space, and to find out who I am, and I'm looking to know and understand. All alone in the universe, sometimes that's how it seems. Then I look in the center, suddenly everything's clear. When you're looking for space, and to find out who you are, when you're trying to try and reach the stars . . .

The greatest loss of time is delay and expectation, which depend upon the future. We let go the present, which we have in our power, and look forward to that which depends upon chance — and so relinquish a certainty for an uncertainty.

Live as if you expected to live a hundred years, but might die tomorrow.

If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music which he hears, however measured or far away.

Every moment of relentless time brings us closer to our goals which are fast becoming reality. There are many roads ahead of us. We have all the decisions of our lives facing us now, and these years of our high school serve as the transition period into adulthood.

He that loseth wealth, loseth much; he that loseth friends, loseth more; but he that loseth his spirit, loseth all.

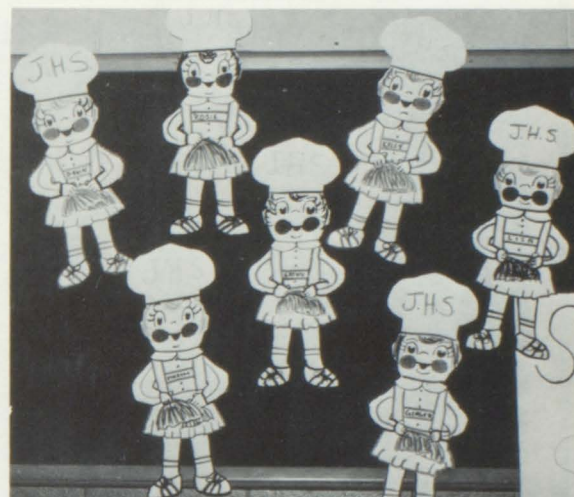

From the seeds of kindness grow the flowers of love.

Every man has within him the ability to do great things. His touchstone is challenge. No matter what his field of endeavor, a man must measure himself against the demands of his world. To rise to the challenge . . . ultimately this is the reason men build bridges, climb mountains, and do a thousand other things that manifest personal achievement and satisfaction.

It has been a year of ups and downs, and we have learned and grown in many areas of life. We have each grown as individuals and we have all grown closer together.

I want to live, I want to grow,
I want to see, I want to know,
I want to share all I can
give, I want to be — I want
to live.

The time that we spend here makes us aware of the changes in ourselves, each other, and the world around us. We have each questioned ourselves and come to understand who we are and our purpose a little better.

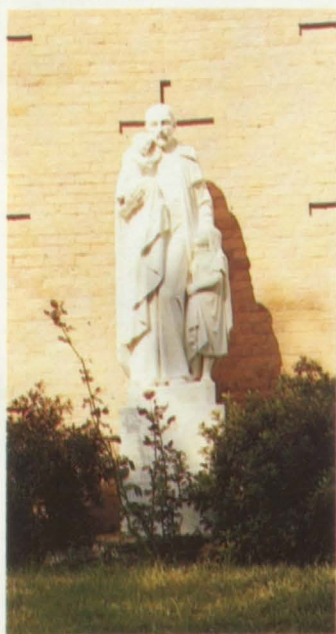

Love is everywhere, I see it, you are all that you can be, go on and be it, life is perfect, I believe it — come and play the game with me.

Life is divided into three terms — that which was, which is, and which will be. Let us learn from the past to profit by the present, and from the present to live better for the future.

For there never seems to be enough time to do the things you want to do once you find them

We always have time enough, if we will but use it right.

Our education has taught us to benefit from the many opportunities put before us. This process of learning enables us to achieve many heights of success. It is preparing us for our future roles in the world.

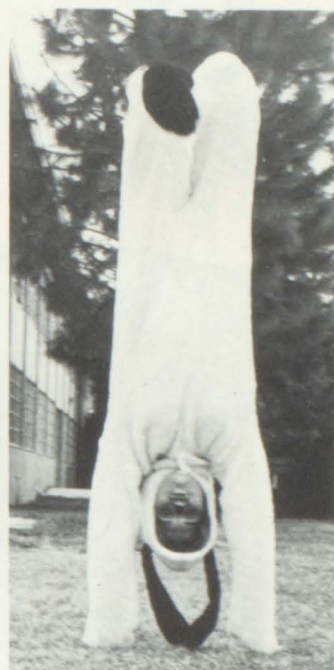

Do you care what's happening around you? Do you know the changes when they come? Can you see yourself reflected in the seasons? Can you understand the need to carry on? Riding on the tapestry of all there is to see. So many ways, and oh, so many things. Rejoicing in the differences — there's no one just like me — yet as different as we are, we're still the same.

We have used our time well this year, and though we have much ahead of us, nothing can erase the memories of the times that we have spent here.

What we call destiny comes out of people, not into them from the outside.

With memories to look back upon — yesterday is never gone.

Close Game For Homecoming

The Jesuit Flyers tied the Bastrop Rams in the 1978 Homecoming Game. The game was an exciting one for both Jesuit and their loyal supporters from Saint Vincent's.

Juniors

The Juniors of '79 presented a new and improved personality to the school. Most of the year they were busily preparing for their biggest event — The Prom. The first major problem was how to finance it. This was solved by a successful Talent Show presented in January.

The Juniors evidenced real school spirit throughout the year. They worked earnestly and long for the "Fun Fest — Italian Style". They exhibited athletic aggressiveness and mental superiority in the fall Intramurals, winning several events including the first place in softball and the "Most Spirited Class Award".

At Thanksgiving, the Juniors got into the "Spirit of Giving" and outdistanced the other classes in collecting food for the poor. Once again at Christmas, the Juniors displayed their artistic ability and won the Door Decoration Contest.

This year's Junior Class was certainly one of the most spirited ever!

Sophomores

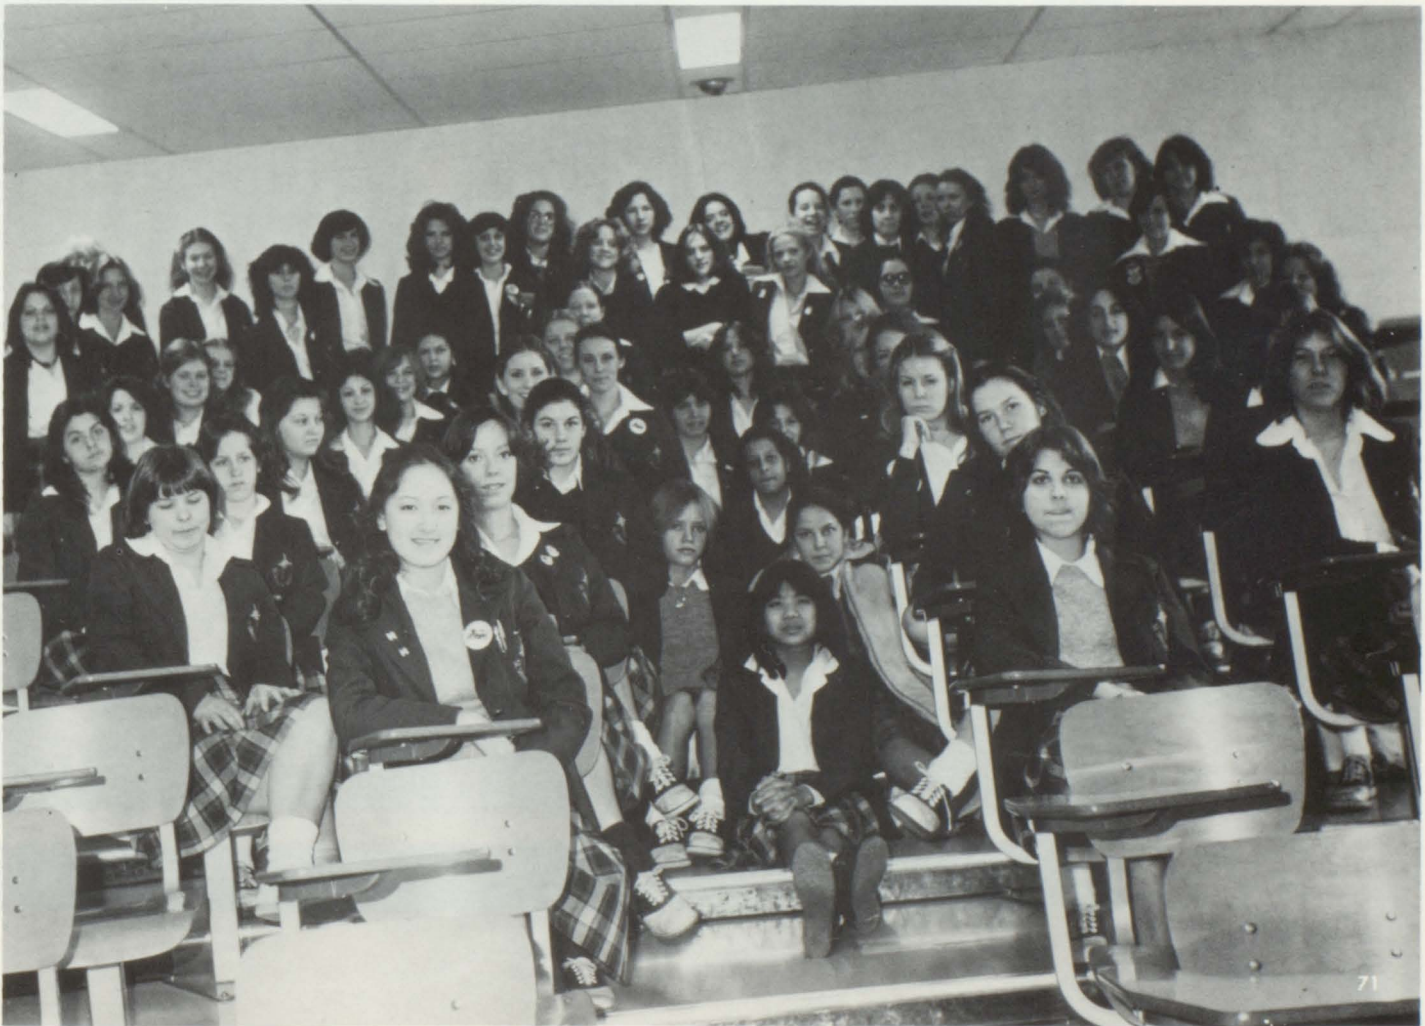

The "Sophies" as they are most often called, have been quite successful this year. On Field Day, for instance, they did not place in many events but, they won the "Good Sportsmanship Award" because of their unquenchable Spirit and wonderful Attitude. During the fall Intramurals they achieved an overall award because of their outstanding participation, again proving their great school spirit.

Other than awards, much praise was given them for their well planned and beautifully executed Sophomore Retreat Day. The theme, "Friendship" appealed and inspired all. At that time of the year their major interest was getting to know one another and becoming special friends. The retreat was a great help.

The Sophomores also had the honor of arranging the Thanksgiving Mass, which resulted in an inspiring and meaningful celebration.

They spent much time planning the Sophomore Social which was given for the Seniors in the spring.

The Sophomores were a great class and the year was one to be remembered.

Freshmen

The new Freshmen of '79 added a lot of laughter and Spirit to Saint Vincent's this year. Characterized by their "bubbling-over" happiness and their ability to brighten up any day, the Freshmen won a cherished place in the hearts of the upperclassmen.

Most Freshmen began the year by joining the Pep Squad, a group which surely did much to inspire Jesuit's winning season. The Freshmen exhibited great Spirit at the assemblies by trying to out-yell the other classes.

This year's Freshmen quickly and successfully adjusted to their new environment and fitted in easily at St. Vincent's. They have shown remarkable talents in different areas, some winning events on Field Day, and others doing excellent jobs in school plays and other activities, such as, Fun Fest and the Thanksgiving Food Drive.

The Freshmen of '79 really seem to have it all together — they are spirited, talented, and always ready to lend a helping hand!

(1) C. Cooper, A. Sardisco (2) M. Nettleton, J. Adams, L. Badzik

The 1978-79 season was one of Gals' Club most active years. Their activities focused upon two areas, the school and the community. At school, the GALS put up bulletin boards, gave out Cupid bags, and headed a drive for the Bossier tornado victims. Around town, the GALS worked on the Poor Man's Supper, gave a Halloween party for the children at the Shriner's Hospital, worked at the Red River Revel, and spent many a Saturday morning at the Brook Street picnics. Why, they even had a Christmas carolling party for themselves! The "Give A Little Service" Club truly gave a lot of service to many appreciative folks.

Science Club

The 1978-'79 Science Club had an interesting year. Inspired by their officers: Debbie Cowel, President; Laura Valerius, Vice-president; Marva Wyatt, Secretary; and Danette Sartori, Treasurer; they worked hard all year on various projects which included: ESP tests for all members who attended the first meeting; the production of some excellent photographic prints; the growing of crystals; the study of alpha brain waves; the experimentation with electronic circuits, and with personality tests. In all, the Science Club has had a lot of fun in their activities and have had a busy and exciting year.

Team Spirit

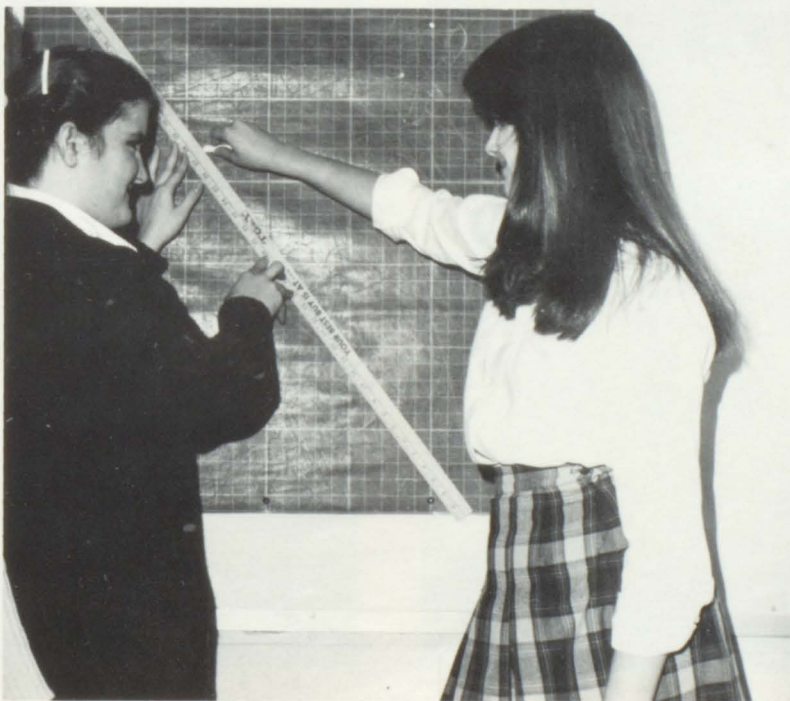

Yes, fans, Jesuit Flyers once again prove their great talent as a football team. The Spirit of the Team is amazing! An initial defeat did not daunt this Spirit, but rather challenged it to greater efforts. The ardent Flyer fans return every year, hoping for a successful football season, and the 1978 team did not disappoint them, since it finished the season by competing in the semi-finals for State Championship.

REST

O Earth, lie heavily upon her eyes
Seal her sweet eyes, weary of watching; Earth,
Lie close around her: leave no room for mirth
With its harsh laughter, nor for sound of sighs.

She hath no questions, she hath no replies
Hushed in and curtained with a blessed dearth
Of all that irked her from the hour of birth
With stillness that is almost Paradise.

Darkness more clear than noonday holdeth her
Silence more musical than any song
Even her heart has ceased to stir
Until the morning of Eternity.
Her rest shall not begin nor end, but be;
And when she wakes she will not think it long.

Can you envision what your life would be like without a telephone? How would you make arrangements for the big ball game? How would you contact your friends for help with your homework? How would the young men make their dates? How would the young women break them?

The telephone has become a necessary part of the American way of life. And, at Western Electric's Shreveport Works, we make more telephones than any other facility in the world.

Western Electric is proud to be a part of the Ark.-La.Tex. and we are proud of today's students who will be tomorrow's leaders. Only through a quality education can you be prepared to assume this position.

As John Denver puts it in "The Eagle and The Hawk": "Reach for the Heavens; hope for the future and all that you can be, not just what you are."

Our employees — some of whom attended Saint Vincent Academy — have made Shreveport the "Telephone Capital of the World." Perhaps you will help us continue this tradition when you complete your formal education.

ST VINCENT de PAUL, early spiritual director of our religious institute, spoke these prophetic words: "The Congregation of the DAUGHTERS OF THE CROSS will be very useful to the Church; if it take root it will become a tree bearing rich fruit." So it has! Our chief apostolate is the Christian education of youth but we likewise seek other ways of bringing the message of Christ's love to the world. With joy we have stood in your midst and served in love for 110 years at St. Vincent's. The reception of some of our own students into our Institute has been one of the main sources which have helped us take root. We trust the growth will continue.

*Life, so they say, is but a game and they let it slip
away. Love, like the autumn sun, should be dying,
but it's only just begun.*

*Like the twilight in the
road up ahead, we don't see
just where we're going. And
all the secrets in the
universe whisper in our ears
and all the years will come
and go and take us always
up.*

*We may never pass this
way again —*

Dreams, so they say, are for the fools and they let them drift away. Peace, like the silent dove, should be flyin', but it's only just begun. Like Columbus in the olden days, we must gather all our courage, sail our ships out on the open sea, cast away our fears, and all the years will come and go and take us up — always up.

— We may never pass this way again . . .

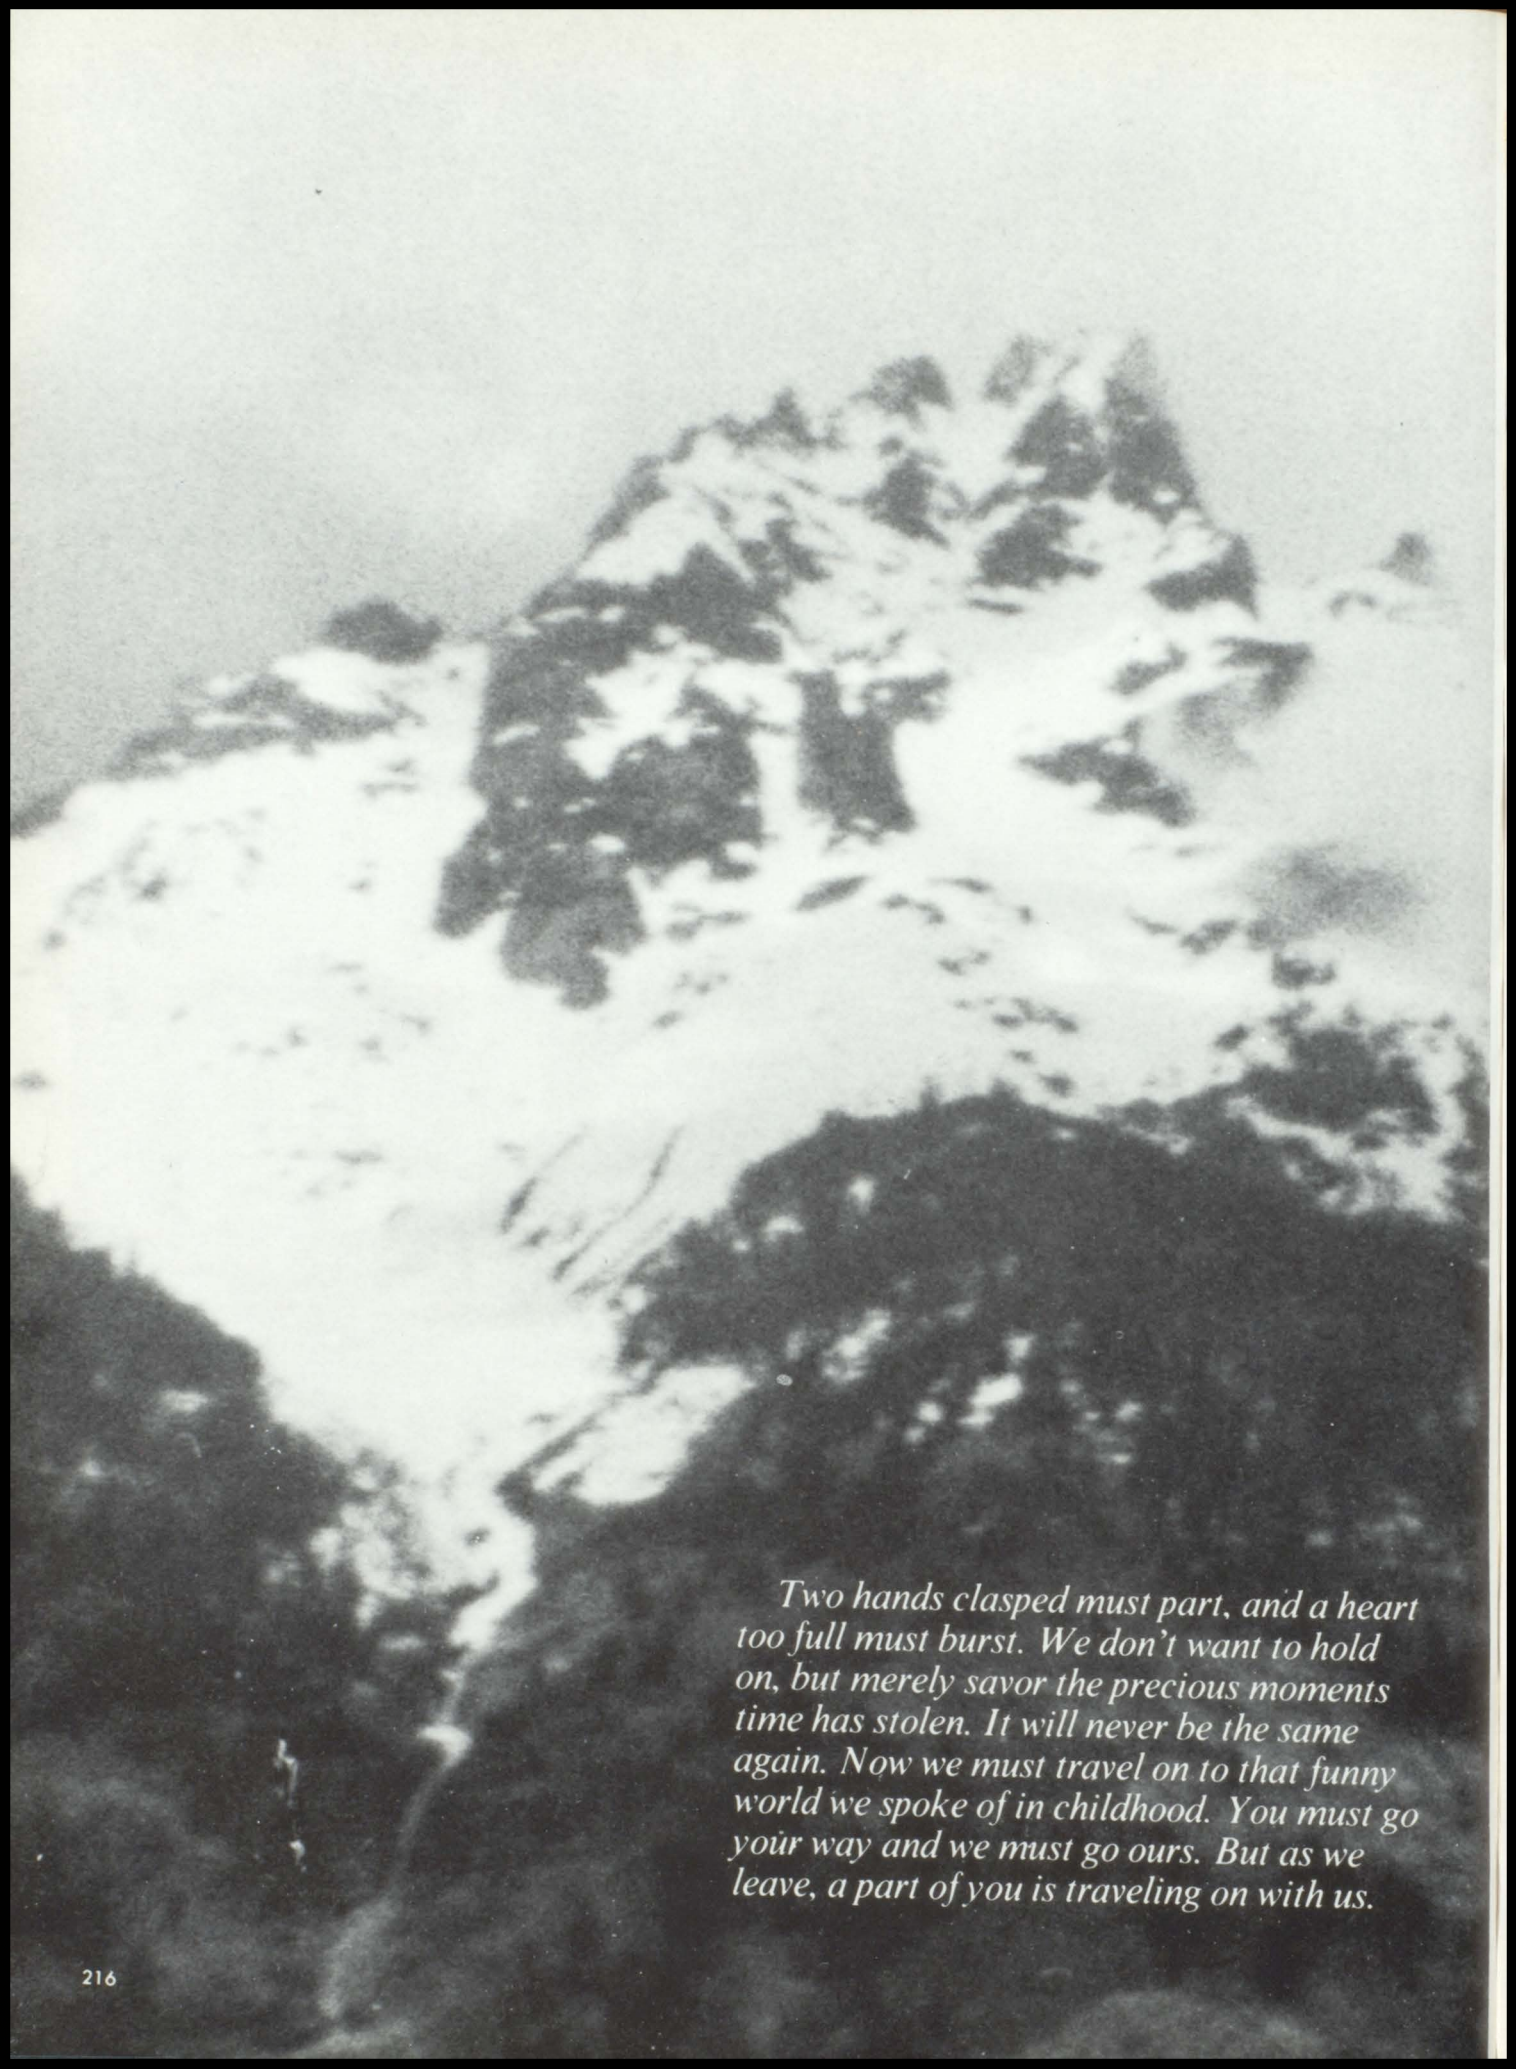

So, I want to laugh while the laughin' is easy;

I want to cry if it makes it worthwhile.

*I may never pass this way again,
That's why I want it with you.*

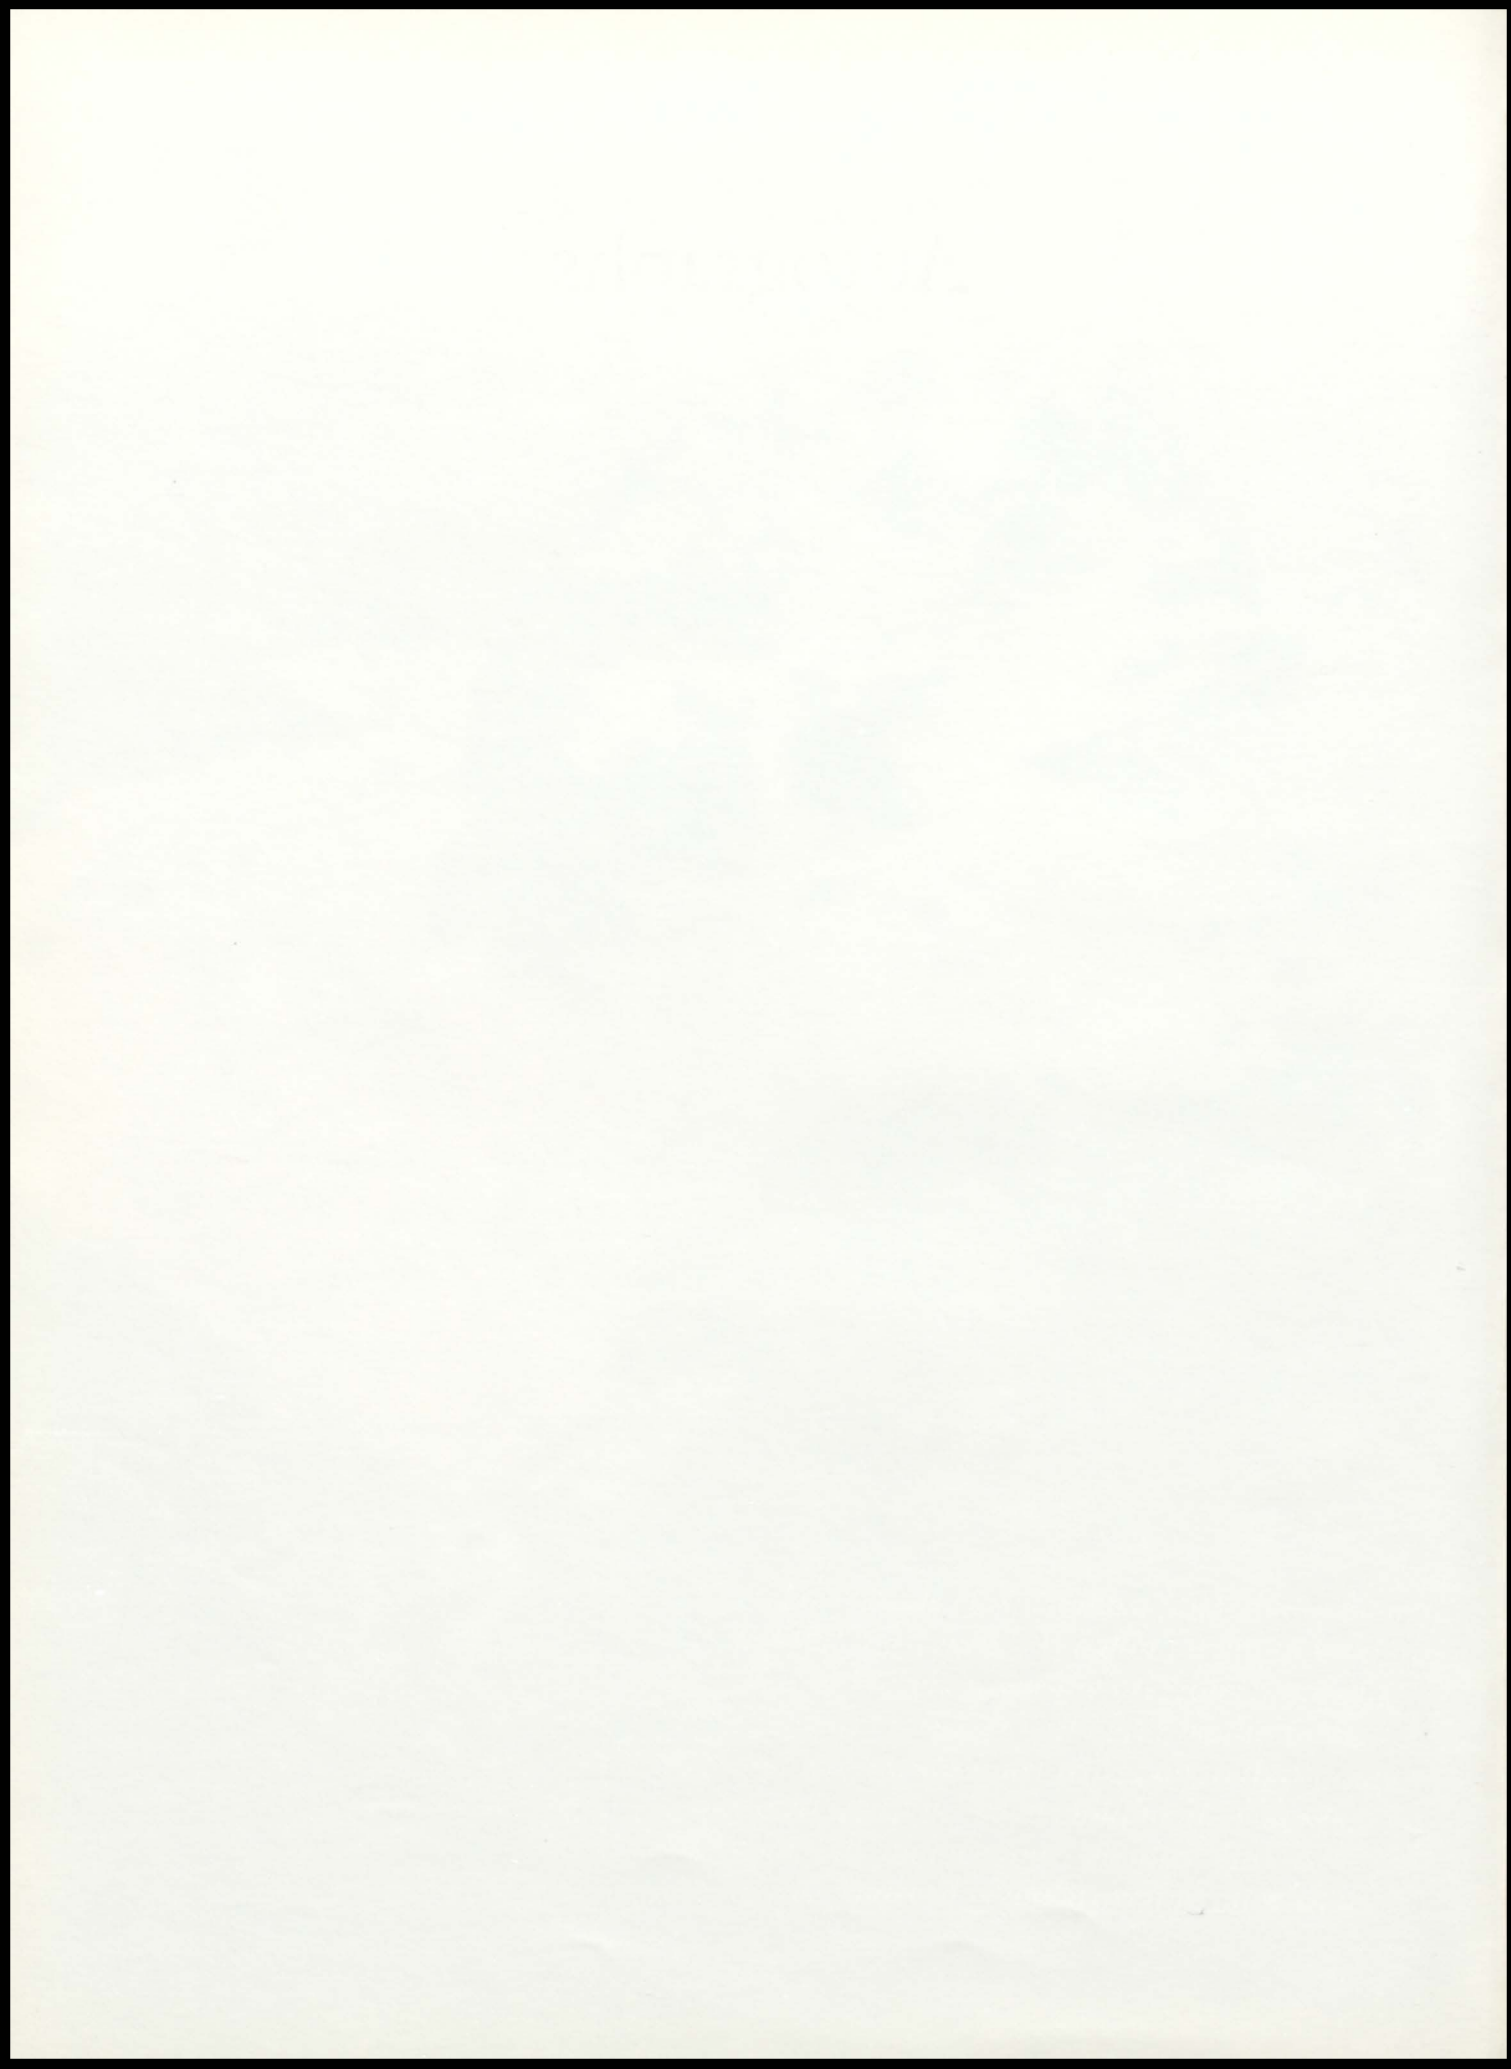

— We may never pass this way again . . .

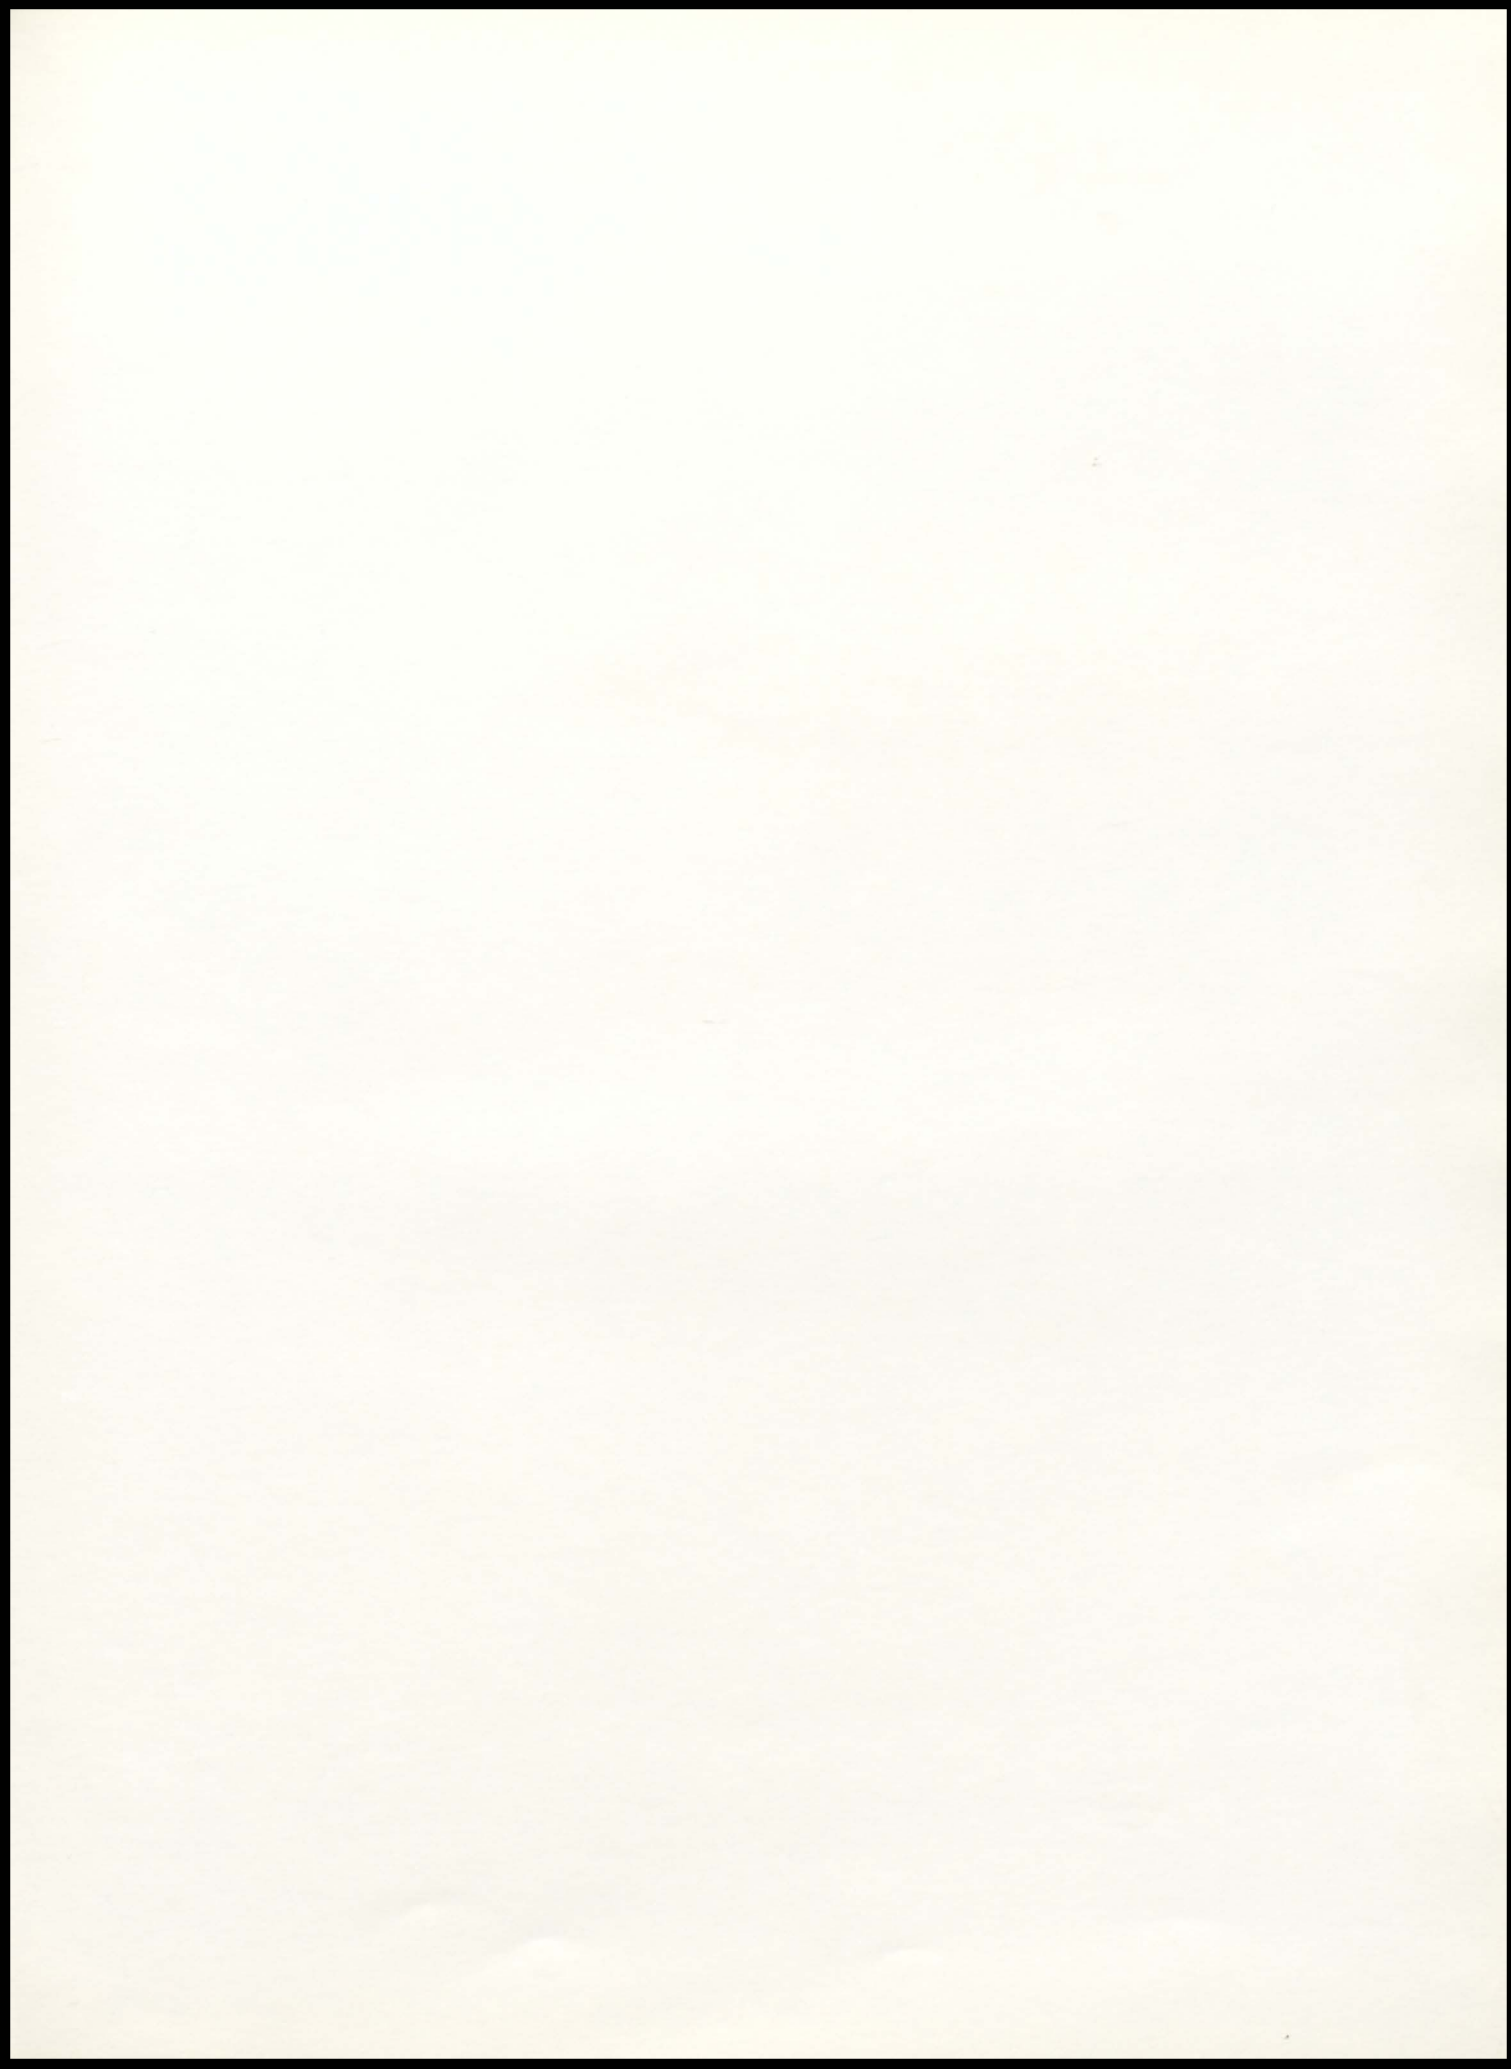

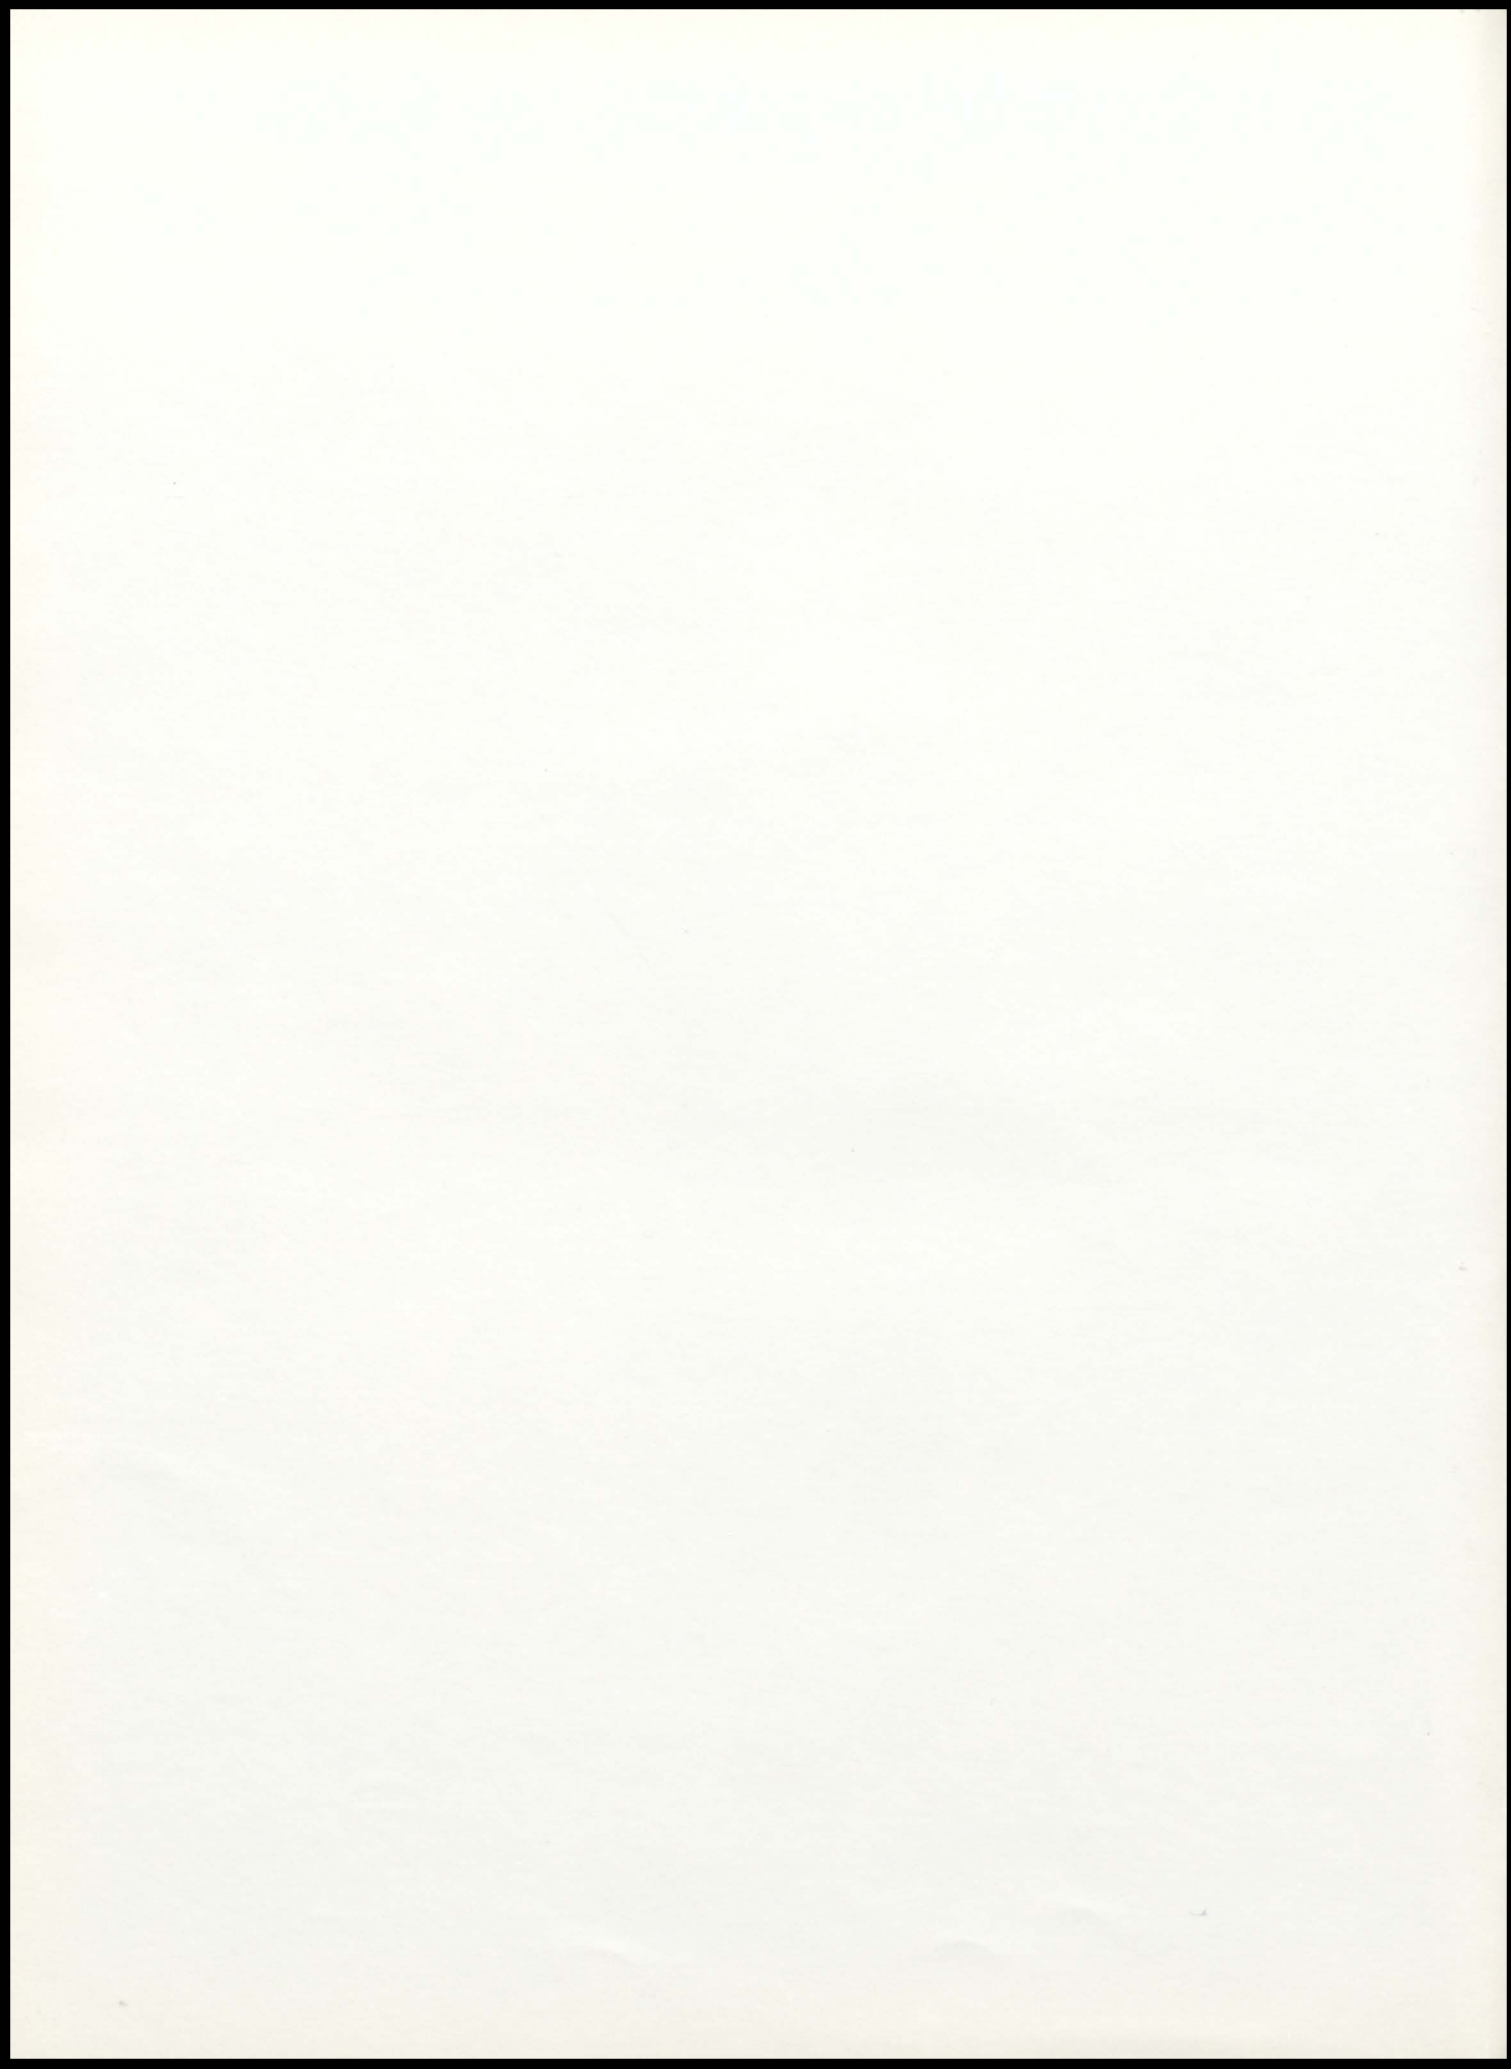

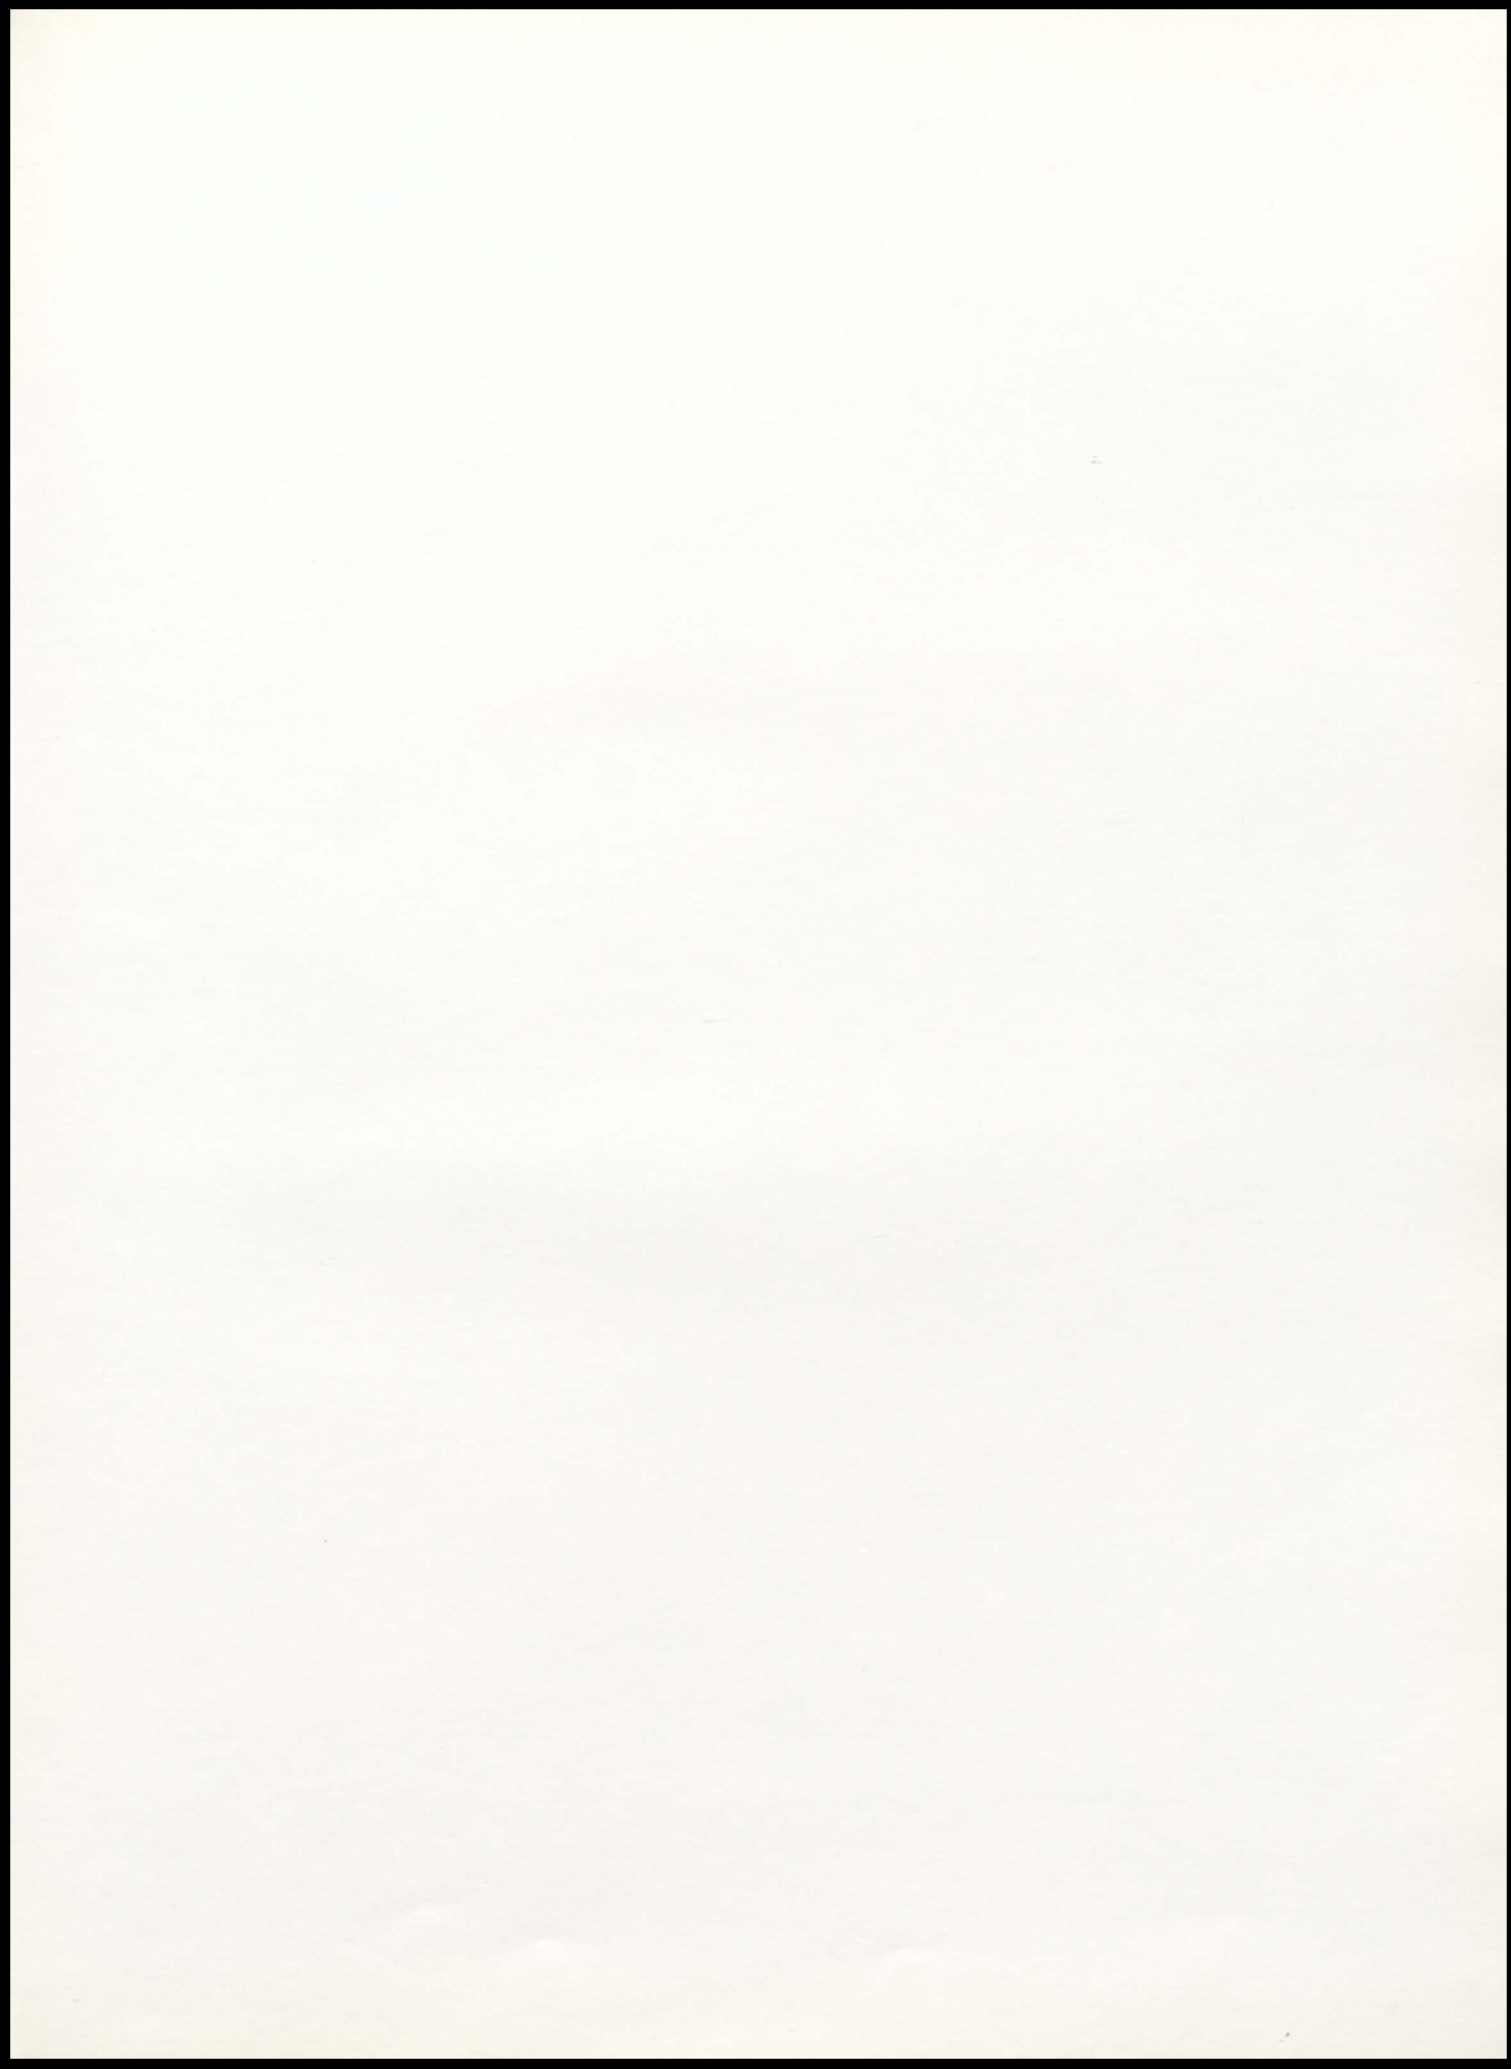

*Two hands clasped must part, and a heart
too full must burst. We don't want to hold
on, but merely savor the precious moments
time has stolen. It will never be the same
again. Now we must travel on to that funny
world we spoke of in childhood. You must go
your way and we must go ours. But as we
leave, a part of you is traveling on with us.*
